

Latest News from Electronic Voice Services, Inc.

NEW Power Sellers

We are excited about our new product called The Power Seller. It is a suite of products including:

- 1) a Power Dialer for automatically calling your prospects to speak live**
- 2) a Swipe Dialer for calling phone numbers on your computer by simply highlighting and clicking them**
- 3) a Customer Communicator (CRM) for organizing and contacting your customers and hot leads**
- 4) a Phone List Manager with tools to import, edit, sort, and de-duplicate lists of customers and prospects, as well as scrub for Do Not Call numbers**

Our customers are reporting that they can call 2 or 3 times as many people with The Power Seller compared to dialing by hand.

We have 3 versions of The Power Seller, depending on the type of phone service you want to use:

- 1) Dolphin Power Seller for VoIP (softphone)**
- 2) Cheetah Power Seller for Land Line, Vonage, or magicJack**
- 3) Green Mamba Power Seller for Skype**
